

2001-2015 Years of Conference Ministry

TWENTY-NINE SPRING CONFERENCES

The ISI Conference season began February 21st in Northern Vermont and before the end of May there will be twenty-nine men's equipping conferences as far south as Sarasota, FL and as far west as Wenatchee, WA. These conferences are an exceptional one-day resource for local churches as they serve men of all ages (13+) by each providing sixteen unique seminars for men in all seasons of life.

WWW.PASTORPRAYERTEAM.COM INITIAL GOAL- ONE THOUSAND PASTORS

The ISI Ministry Network is launching a new ministry initiative focused on praying for and affirming local church pastors. PastorPrayerTeam.com will mobilize a team of 31 men from every willing local church who will partner together to cover their pastor with aggressive intercessory prayer every date of the month AND will reach out to him every date with a 'word of affirmation'. These daily words of affirmation will come from a different man every day via phone, text and/or email. Our initial goal is that one thousand pastors will know that there are thirty-one men who 'have their back' and love and appreciate them.

How Iron Sharpens Iron is Funded

FUNDING FOCUS FOR 2015

Did you know that 1/3 of the funding needed to sustain the Iron Sharpens Iron Ministry is through charitable donations through friends like you? We keep conference registration affordable so that almost any man can attend one of our Northeast conferences. All the direct conference revenue outside of the Northeast sustains the network ministry in that region of the country. The Northeast Team needs an influx of new donors who will financially partner with ISI in order to continue as a regional champion for 'building men with others in mind'. Go to www.IronSharpensIron.net to give or call 860.233.8136

SHARE A STORY

Have you been encouraged and equipped to serve others in your family or church or community through an ISI Men's Conference? If so, share your story with us at mystory@IronSharpensIron.net. Let us know if we have permission to share it.
