

NATIONAL MEN'S ONE-DAY EQUIPPING CONFERENCES

Building Men With Others In Mind

LEAD, COLLABORATE, ADVANCE

In a time when ministry to men is not prominent in the typical local church and equipping men as spiritual leaders runs contrary to the present day culture, Almighty God continues to show favor to Iron Sharpens Iron. Collaborations like the National Coalition of Men's Ministries and the Fatherhood Commission are led by ISI Founder, Brian Doyle, as together they advance to champion building men with others in mind.

A NATIONAL MEN'S MINISTRY FOCUS From Brian Doyle, National Director:

Iron Sharpens Iron continues to expand the conference network and in the Spring of 2016 will host a one-day equipping conference for men for the first time in these cities:

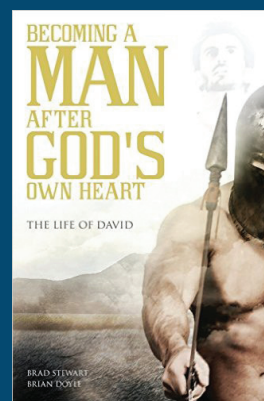

Grand Rapids, MI	Dothan, AL
Houma, LA	Waxahachie, TX
Reseda, CA	Clearwater, FL
Bowie, MD	Elkhart, IN

SIXTEEN YEARS SERVING NEW ENGLAND

Brian Doyle began what is now Iron Sharpens Iron on January 16, 2000 after serving as the New England Area Manager for Promise Keepers for six years. The conference platform merged the PK model of exhortation with Brian's passion for training to become what is now the primary equipping resource for Christian men in the New England Region. The Spring of 2016 will once again feature national conferences in Burlington, Hartford, Albany, Portsmouth, Portland and Worcester.

BIBLE STUDIES FOR MEN

Iron Sharpens Iron is presently developing a series of eight different bible studies for men. The first has already launched on 'The Life of David'. Pick up copies at the West Hartford Office, at the ISI Website, online at Amazon or at a conference this spring.
